

## A210003 Professional wet/dry vacuum cleaner with high suction power

The A210003 model is a professional wet/dry vacuum cleaner. Easy to use and robust, it offers excellent suction power, characterized by a modular design with different containers and motors.

A210003 has a 75 liter container and has three engines. The container is available in stainless steel or in red plastic.

This model is equipped with a drainage tube for easy emptying of the container without having to remove the motor.

The large rear wheels and front swivel wheels make it easy to manoeuvre.

Equipped as standard with the following accessories: nozzle for crevices, round brush, accessory for vacuuming liquids and accessory for vacuuming dust.

- Easy to use
- Suction power
- Robust frame
- Drainage tube
- Large rear wheels and swivel front wheels
- Space to store the cable
- Accessory holder
- For vacuuming solids and liquids
